

NO TRESPASSING SIGN POSTING PROTOCOL

By signing the attached No Trespassing Authorization/Release Form, you and/or your company has agreed to post the following No Trespassing Sign(s) on the property.

The Auburn Police Department has been made an agent of the above property and is empowered to enforce the property rights of the business/property owner **IN THE ABSENCE** of a business/property representative.

These signs are to be conspicuously posted on the property. The following guidelines will ensure effective posting of the sign(s):

1. Signs should be posted at each entry/exit drive to the property so that they are clearly visible to entering and exiting vehicle and pedestrian traffic.
2. Signs should be posted along the building/property façade or perimeter fencing, approximately every 100 feet at a height of 8 feet above ground level where applicable.
3. Signs should also be affixed to parking lot light poles where applicable.

Signs may be purchased through Mike Harbin at Main Street Signs: (253)-833-8500. Business Hours Monday-Friday 8:00 AM to 4:00 PM.

Proof of this form is necessary to make an order.

*Other signage may be posted but must have the above verbiage. These signs may be approved by the Auburn Police Department on a case-by-case basis. Only approved signs will be enforced by the Auburn Police Department **in the absence** of a business/property representative.
